

Thanks for buying your Backyard Sportsground Pack

Developed by the same people who have fixed the hallowed turf in many of Australia's most famous stadiums, you can be sure these products will work wonders on your 'home turf' too. Just follow the directions overleaf.

All Rounder Builds lush, thicker and greener lawns while helping strengthen them against wear and tear from active kids and pets.

Enhance Makes your grass greener in just a day while also aiding health and vitality.

Aquaturf Your lawns will never be thirsty again. Helps keep the moisture and nutrients around your lawn's roots.

Pronto For those times where a quick burst of recovery is needed.

All you need for the perfect backyard

Your 2-step guide to a backyard win

Now that you've got the right products, you simply can't lose.

Build a solid base

- First give your lawn a quick haircut so that you make the most of your new products.
- Now apply your **All Rounder** by a spreader* at the rate of 2kg/100m².
- Then it's straight on to **LawnPlay Aquaturf**. Add 200ml per 5L of water then spray* it directly on top of the fertiliser you've just spread.
- Time to give your lawn a really good drink. Then have a few yourself while reflecting on the fact that you've just created the perfect playing field for your kids.

*Note: In lawns, as in sports, it's crucial to keep up those fluids. So it's best to re-apply **Aquaturf** every month then thoroughly water your lawn straight after.*

Keeping your 'home turf' in first class shape

- After about 6-8 weeks of playing (or at least watching) some cracking backyard tournaments, all of the above products will have worked their magic. So now it's time to give your home ground an extra advantage using **LawnPlay Enhance** and **Pronto**. Good news is that these can be applied together.
- So grab your sprayer* and add 200ml of **Enhance PLUS** 100ml of **Pronto** to 5L of water, then apply the mix directly to 100m² lawn. Don't water your lawn for the next 24 hours as this mix will work much quicker without it. This mix can be re-applied every 2 months for a stronger, healthier, more resilient lawn.

If you don't have a spreader or a sprayer you can order one from us and get 10% off. Just use this Discount Code: **SPORTS10 at the checkout.*
