

YEARLY PLAN

SPRING

September is where it all happens, so naturally it's where you will need the most activity

Apply Pre-emergent Spartan 40ml/100m²
Fertilise over the top with LawnPlay Renovate 2kg/100m²
Apply Acelepryn GR over the top at 1.5kg/100m²

Water it all in

SUMMER

In December we prepare our lawn for the heat ahead

Fertilise with Lawn Play All Rounder at 2kg/100m²
Apply Lawn Play Aquaturf at 200ml/100m²

Water it all in

AUTUMN

Late February/Early March as the temperatures drop we give our lawn one last feed and protect it against winter grass weeds

Apply Spartan at 40ml/100m² + Lawn Play Aquaturf 200ml/100m²
Fertilise with Lawn Play All Rounder 2kg/100m²

Water it all in

WINTER

Come May we look to see if our lawn needs a little extra greening, these are optional

Apply Lawn Play Verdant at 10ml per 100 +
Lawn Play Enhance at 200ml/100m²
